“Beyond the Spill” Public Discussion

In our ongoing commitment to environmental justice, PRS 365 Limited partnered with Transparency International Zambia (TIZ) and the Zambia Environmental Justice Coalition (ZEJC) to co-convene a public discussion on 11 September 2025. The forum, which engaged over 120 stakeholders, focused on transparency, accountability and citizen action following the Sino metals tailing dam failure. A consensus emerged: for a just and effective path forward, affected communities must have a guaranteed seat at the decision-making table, backed by robust scientific evidence, unwavering transparency and clear mechanisms for accountability.

For more insights from the public discussion, watch video highlight: [Watch Video](#)

Introducing the Newly Constituted PRS Board

We are pleased to announce a significant milestone for PRS this Quarter: the full constitution of our Board of Directors. This diverse and accomplished group of leaders bring a wealth of experience in governance, finance, law, and development and a shared commitment to steering PRS 365 towards a future of sustainable growth and innovation.

Please join us in welcoming our Board Members (from Left to Right): Pamela Bwalya, Elias Chipimo, Ednah Ngoma, Betty Imakando, Esther Tatenda Zulu, and Natasha Chilundika.

Project Highlights

Catalysing Impact: A Strategy and ESG Masterclass

With sponsorship from NABII Zambia, PRS-together with Canet Consulting and Avencion-delivered a Strategy and ESG Masterclass training to 32 businesses. The training focused on how SME's can integrate ESG principles into their core business strategy, strengthen their competitive advantage, and achieve long-term sustainability. PRS 365 continues to champion SMEs as key drivers of Zambia's sustainable growth, empowering businesses to align strategy with impact.

ZDCHP Quantitative Endline Survey

In partnership with Busara, PRS supported the end line evaluation of the Zambia Digital Community Health Project (ZDCHP). The project is part of a broader initiative aimed at developing a digital community health system for the Ministry of Health.

Advocating for an Ecological Impact Fund (EIF)

PRS coordinated meetings with the Ministry of Finance and the Ministry of Green Economy and Environment aimed at discussing how AU member countries can advocate for an EIF at this year's G20 and COP30 meetings. PRS was proud to support this dialogue and look forward to seeing how these discussions inspire national advocacy.

PRS Innovations:

Simplify your ESG Measurement and Reporting

PRS is providing a tailored framework to make sustainability reporting clear, credible, and directly linked to your financial success. Contact us to simplify your ESG reporting and connect your sustainability goals to your bottom line.

Ready to transform your program approach?

We invite forward-thinking organizations to explore PRS' programmes and innovations with us. Whether you're looking to strengthen customer value or elevate your sustainability reporting, let's collaborate to turn insights into action.

Insights

Feeding Hope or Fueling Risk

Exclusive breastfeeding (EBF) for infants aged 0-5 months remain one of the most critical interventions for child survival and development, particularly in developing countries like Zambia.

Explore this article highlighting that breastfeeding rate in Zambia are on a downward trend and what strategies can be implemented to stop that.
